Mohonk Consultations Spring Forum

Nature Across Boundaries: Engaging Partners & Stakeholders

Sunday, April 8, 2018, 3:00 – 6:00 p.m.

Mohonk Mountain House Parlor, New Paltz

Cost: \$25 per person, includes tea/coffee and snacks

With sponsorship from

the NYSDEC Hudson River Estuary Program

The Spring Forum will build on the theme of the November 2017 conference, [Nature Across Boundaries: Keeping Lands and Waters Connected](#). To reach successful conservation outcomes—especially when planning across boundaries—it is essential to form strong partnerships and have clear communication with peer organizations, municipalities, landowners, and other stakeholders. Join us to learn from connectivity case studies from the Hudson Highlands and Rensselaer Plateau, hear about Governor Cuomo’s *Empire Forests for the Future Initiative*, and explore different approaches to effectively engage stakeholders.

Click [here](#) to register online.

Confirmed speakers include:

Dr. William Schuster – Executive Director, Black Rock Forest Consortium

Ed Goodell – Executive Director, New York-New Jersey Trail Conference

Jim Bonesteel – Executive Director, Rensselaer Plateau Alliance

Karen Strong – Principal, Strong Outcomes

Michael Callan – Supervising Forester, Region 3, NYS Department of Environmental Conservation
